**CONSENT FOR ADMINISTRATION OF APPROVED
DISCRETIONARY MEDICATIONS 2018-2019**

Dear Parent/Guardian:

On the reverse side of this letter is a consent form for the administration of certain nonprescription/over-the-counter medications which will be available, at no charge, for all students. This service is available to alleviate your student's minor discomforts and to avoid early dismissals from school. These medications are approved by the Harford County Health Department and the Supervisor of Health Services for Harford County Public Schools. This service helps our students improve attendance and enhance academic performance. Please note that there will be a limited supply of cough drops this school year. You may signify your permission to have your student self-carry cough drops from home by checking the appropriate box.

Your consent must be obtained before any medication is given to your student. Only the Registered Nurse/Licensed Practical Nurse may administer these medications in accordance with established protocols. The consent form lists the medications which may be available. Please complete the consent form and return it to the school nurse. The consent is in effect for this school year only and will need to be renewed at the beginning of each school year.

Approved discretionary medications are intended for occasional use only. Discretionary medication will administered at the **discretion of the school nurse**. If your student requires any prescription or nonprescription medication on a regular basis, you must obtain a written order from your health care provider and supply the medications.

If you have any questions or would like further information, please contact your school nurse.

Sincerely,

Dr. Russell Moy, MD, MPH
Deputy Health Officer
Harford County Health Department

Mary Nasuta, RN, MS, NCSN
Supervisor of Health Services
Harford County Public Schools
